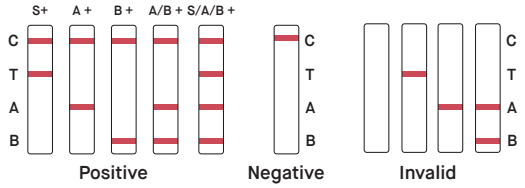
RapidFor™

SARS-CoV-2 & FLU A/B RAPID ANTIGEN TEST KIT

CAT NO: VSCD08-SC

It is created as in vitro differentiative detection for SARS-CoV-2 & FLU A/B antigens in human nasopharyngeal and nasal swab samples.

Interpretation



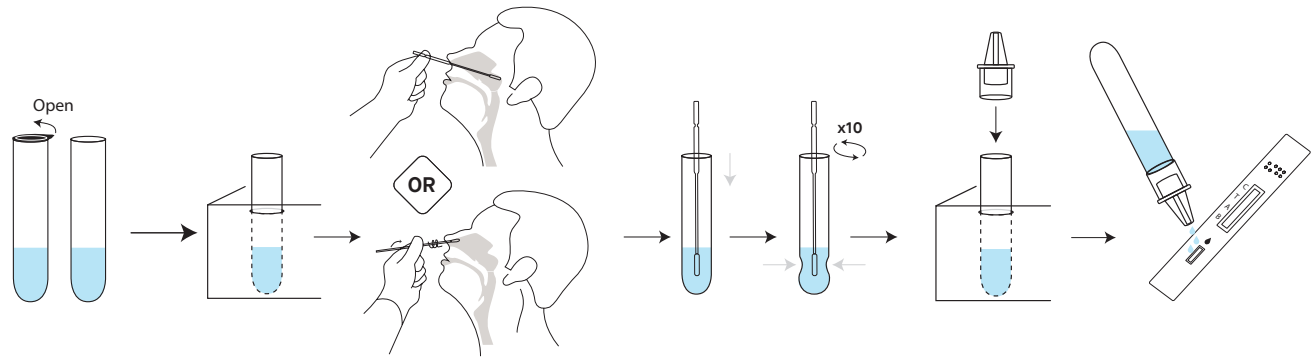
Advantages

- For professional use only
- Already filled buffer tubes
- 2 sampling options
- Easy-to-follow procedure
- Variant detection
- Accurate and rapid results

Box Content

- 25x Test Cassette
- 25x Tube
- 25x Swab
- 25x Dropper
- 1x Instructions For Use

Test Procedure



Cat. No	Target	Specimen*	Kit Size	CE Status
VSCD08-SC	SARS-CoV-2 & FLU A/B Antigens	NP,N	25T	CE

*NP: Nasopharyngeal Swab, N: Nasal Swab
